February 2016

January Meeting

A working meeting with 25 members and a visitor present. Plenty of chatter, cakes and the occasional bit of rugging!

AGM

The most exciting event of the year! In March, the chance to hear from your committee. Resume of the year, accounts, events to look forward to—not to be missed.

Seriously though, as three of our valued & hardworking members are standing down, please give some thought to joining the committee. See any of the present committee for more info

Last meeting the committee was looking for suggestions for future workshops/speakers or events. Some great ideas have already been put forward but it's never too late...

We would also like to know whether you would be interested in finding out about other textile related crafts. Any ideas, thoughts or opinions—just grab any member of the committee & we will pass them on.
